### CRAWFORD TALKS OF LEGISLATIVE PROGRAM

Hon. John Crawford spent today in Ada and while here we managed to catch him a few minutes while we tried to pump a little information out of him. John is one of the big men in the legislature and is making a fine record as one of the leaders.

In the first place he assured us with his engaging smile that the interests and lives of the people are in no danger from the legislature at this time. In fact, he admitted that not a great deal has been done yet by the lawmakers. One of the most important questions of all is the relief of the supreme court.

Cases are being appealed at a much more rapid rate than can possibly be passed on, and a mass of business is accumulating that will take years to reach unless something is done. Mr. Crawford does not think much of the plan of increasing the number of justices. He thinks the best plan is to create an intermediate court for certain classes of cases, similar to the courts of appeals of Texas. One of his committees has the matter under advisement.

The next thing, and one that is receiving his special attention is the question of creating the office of county tax assessor.

There is a wide-spread discontent

with the present chaotic state of affairs, and he says most of the opposition that has heretofore existed to the plan has disappeared. Carlton Weaver was likewise a strong advocate of this office in the constitutional convention, but the delegates from Western Oklahoma opposed and killed the measure. In connection with this a better method of listing and collecting taxes will probably be devised, as the present system is exasperating beyond all endurance.

He is also of the opinion that the district attorney bill will become a law, and probably Cruce's recommendation to mak gambling a felony will likewise be placed on the statutes.

John says he is having to get a twist on himself, but he still looks fresh and fit for almost any kind of scrap that may come up.

### GOOD MEETING AT MAZARENE CHURCH

Rev. Damron, pastor of the Nazarene church, states that the revival in progress is growing in interest. Two conversions and a number for prayer are reported at the services last evening. A cordial invitation is extended to every one to attend these services.

### SALE OF INDIAN LANDS TOMORROW

Tomorrow morning at 9 o'clock, the sale of unallotted Indian lands in Pontotoc county will begin. W. H. Reynolds, district Indian agent is in town and stated to the News man that the sale will likely be in front of the court house, although if necessary it will be adjourned to the auditorium of the city hall. It will probably be under the management of W. H. Angell.

Mr. Reynolds says the sales at other points have been most satisfactory. Just how it will succeed here is uncertain. Several are here from the North, but great objection is made to the land on account of its being scattered over so much country and in small tracts as a rule. It seems probable that most of what will be sold here will be to farmers who live near pieces of land that will come under this sale. It is not likely that the sale here will occupy very much time.

#### CAUSES SICKNESS.

Good Health Impossible With a Disordered Stomach.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. Three sizes, 25c, 50c and \$1.00 a box—Sold in Ada only at our store—The Rexall Store, Gwin & Mays Drug Co.

A man never feels quite so contented as when he is enjoying a good smoke, for it is the only real luxury that can be enjoyed by every man. In buying cigars then you should get the most for your money not only as a business principle but the difference between

#### A GOOD CIGAR

and a poor one means the difference between real comfort and enjoyment for an hour and just an ordinary smoke. And what a

comfort, after your supper hour, to toast your feet before the fire and enjoy the cooling, aromatic draughts of fine TOBACCO through a European Meerschaum or French Briar. How soothing and quieting to an overwrought mind or worn out body.

Come in and examine our line of Pipes, Cigars and Tobaccos.

### AVIATORS AT OKLAHOMA CITY

Merchants Give \$10,000 in Prizes—  
Greatest Out Door Event Ever  
Held in Oklahoma.

The great International Aviators, incorporated, will appear at Oklahoma City four days, starting Saturday, January 14th. The merchants have raised a purse of \$10,000 to be given as prizes to these daring and intrepid bird-men who will battle for the championship of the air at the state's new capital.

There will be the greatest display of air crafts ever presented in the United States during the Oklahoma City meet. Over \$200,000 worth of wonderful machines will be on exhibition, and seven of the world's greatest flyers will give daily exhibition flights and compete for the prizes offered for the winners of the different races.

Charles K. Hamilton will be the feature of the American aggregation. Hamilton is the foremost flyer in the United States and won renown by his great cross-country flight from New York to Philadelphia and back in two hours and fourteen minutes.

Roland G. Garros from Capetown, South Africa (representing France), altitude flyer, the only aviator in the world who has made cross-country flights in the little Demoiselle or "Angry Wasp" monoplane, so called on account of its trick ways.

Rene Barrier, celebrated French aviator, pupil of Louis Bleriot and Alfred Le Blanc, and endorsed by his teachers as the finest product of the

Pau school, which was almost tamount to saying of all France.

Rene Simon, wealthy aviator, son of a Parisian banker, and the most daring operator of a Bleriot monoplane in the world today. He has been the star of all tournaments in France.

John J. Frisbie, "Ireland's Own Aviator," is a most famous man-bird holding many records for really dangerous work in the air, and winner of many prizes and medals; has a great reputation in England and on the continent, using his Rochester racing biplane and parachute.

Joseph M. Seymour of New York City, American aviator, using his 120-horsepower Vanderbilt Cup racing automobile against Simon and Barrier in 5-mile events. He also goes sky sailing in his Seymour biplane.

All the railroads have agreed to special rates on regular trains, but will also run many special excursion trains during this international meet of the world's greatest aviators.

### WAS THE MAINE BLOWN UP FROM THE INSIDE?

Washington, Jan. 9.—The war department is receiving reports from the raising of the battleship Maine, indicating that the disaster happened inside the ship. Quantities of coal, and bones of some of the members of the crew were found buried in the mud underneath the hull, and it is not believed an outside explosion could have blown the coal in this direction.

#### J. B. Turner Chief Justice.

Oklahoma City Jan. 10.—Members of the supreme court today elected Justice John B. Turner of Vinita chief justice to serve during the year. Justice Turner is beginning the last two years of a six-year term on the bench, having been elected at the first state election.

### COLD WAVE IS COMING TONIGHT

According to the weather bureau reports the cold wave that has been predicted since Sunday is scheduled to arrive tonight or tomorrow. This time rain or snow is promised along with it. Therefore, it is well to look to your fuel supply and put on your thick suit, for spring is coming to a sudden end.

#### TERMS DRAWN BY JUDGES.

Judge Doyle Gets Six-Year Place on Criminal Court of Appeals.

Oklahoma City, Ok., Jan. 10.—At organization of the criminal court of appeals today Judge Doyle drew the six-year term, Judge Armstrong the four-year term and Judge Furman the two-year term. Judge Furman was re-elected by the court as presiding judge. Hereafter all judges are elected for six year terms. Judge Armstrong is from Boswell and succeeds Judge Richardson.

The court announced that arguments on all cases will be heard in Guthrie, owing to lack of library facilities at Oklahoma City.

#### Tender Resignations.

Oklahoma City, Ok., Jan. 10.—Royall J. Allen of Duncan and J. J. Quarles of Fairfax, democratic members of the state board of affairs, today tendered their resignations to Gov. Cruce with request that they be immediately accepted. For business reasons Allen and Quarles announced they desired to leave the public service. Both were members of the constitutional convention.

On you April morning in January.

The only cloud that appeared on  
the horizon of the opening day of  
Cruce's administration was an en-  
couragement by the State Capital. That  
paper gave one mighty sigh of relief  
to see Haskell step out and throw a  
bouquet at Cruce. However, we fancy  
Cruce will remember the old warn-  
ing to beware of the Greeks when  
they come bearing gifts.

A glimpse of the real manhood of  
Lee Cruce was had when he took  
the oath of office on a Bible pre-  
sented to him years ago by his moth-  
er. It was probably not as fine a  
book as others which were offered  
for the occasion, but to Cruce it was  
far more precious than any earthly  
possession. When he swore on that  
old volume to fulfill the duties of his  
office no doubt he remembered the  
early training of his mother and his  
promise to do all in his power for  
Oklahoma was a pledge to her mem-  
ory as well as to the people. There  
is nothing we admire more than to  
see a man in his days of honor and  
prosperity remember those of his ear-  
lier days who loved and confided in  
him. The most contemptible wretch  
on earth is the one who feels that  
having reached a higher plane than  
his parents and friends of his youth  
and turns away from them ashamed  
to acknowledge to the world that  
he was once below his present sta-  
tion. Respect for one's parents is  
the most commendable virtue in any  
man. Usually it is the sacrifices they  
made to give him an opportunity in  
life that finally results in his suc-  
cess, and instead of feeling ashamed  
of them he should honor them  
more than ever before.

### TO TEACH BOOSTING METHODS.

Conference for Instructing Aspiring  
City Builders Are to Be Held  
in Chicago.

If one is interested in any subject,  
there is no excuse for his remain-  
ing ignorant along such line, for  
courses are now offered upon nearly  
every branch of human endeavor.  
Among the latest and possibly the  
most unique school to enter the field  
is one devoted to Municipal Develop-  
ment and Commercial Club Activities,  
which is soon to be opened in Chi-  
cago.

The school term is only three days  
long, the number of students for each  
term is limited to ten, and there will  
be but twelve terms in a year. These  
are only a few of the unique fea-  
tures. There has been gathered from  
every possible source, information  
on theories and methods in the work  
of commercial associations in towns  
and cities of all parts of the United  
States and of other countries. This  
kind of "boosting" knowledge has  
been thoroughly classified and a  
science of municipal development has  
been formulated which is expected  
to be very helpful in supplementing  
the experience of commercial club  
secretaries and also in instructing  
officers and committeemen who are  
rendering gratuitous service to their  
associations. A very practical fea-  
ture of the plan is the opportunity

for members of particular commer-  
cial clubs to monopolize all the ses-  
sions of one term for the considera-  
tion of the special problems of their  
communities. There will be no set  
speeches by any professors, but all  
the sessions will be devoted to in-  
formal discussion under expert lead-  
ership.

The director of this unique school  
is to be Elmer S. Batterson, an Iowa  
business man, who several years ago  
was forced to desert active mer-  
cantile lines by the demands for his  
time by commercial associations of  
the Middle West. He had taken up  
the study of Town Promotion as a  
fad, and city builders were anxious  
to secure counsel from just such  
faddists. Mr. Batterson is now the  
Associate editor of the Dry Goods  
Reporter, in Chicago, but occasionally  
trains commercial clubs to be more  
efficient, as a kind of recreation. This  
latest experiment, the announcement  
of which has just been received is  
to be called the Chicago Confer-  
ences on Municipal Development. It  
is being watched with considerable  
interest by prominent educators, who  
are wondering if the practical devel-  
opment of municipalities is not a  
proper subject for university courses.

### The Ada National Bank.

The annual meeting of the stock-  
holders of the Ada National bank  
was held yesterday afternoon and the  
following directors elected: Z. E.  
Charlton, Tom Hope, M. C. Copeland,  
Ella Scales and Frank Jones. The  
directors elected the following offi-  
cers for another term: Tom Hope,  
president; M. C. Copeland, vice presi-  
dent; Frank Jones, cashier; Orville  
Snead, assistant cashier.

The business of the bank has been  
most satisfactory during the past  
year and a record was made that  
speaks well for the management of  
the institution. In fact the Ada Na-  
tional has always kept abreast of the  
financial enterprises of this section.

### Oklahoma State Bank.

Stockholders of the Oklahoma State  
Bank held its regular annual meet-  
ing yesterday afternoon and re-elected  
the old board of directors con-  
sisting of J. W. Hays, W. D. Hays,  
W. H. Ebey, F. S. Hout, B. H. Ep-  
person, C. W. Floyd, R. W. Simpson,  
Tom D. McKeown, Jno. R. Craw-  
ford.

The directors re-elected the fol-  
lowing officers: J. W. Hays, presi-  
dent; W. H. Ebey, vice president. W.  
D. Hays, cashier; L. A. Ellison, as-  
sistant cashier.

As a result of good conservative  
management this bank has enjoyed an  
era of prosperity. Last year it passed  
its dividend, but this time it de-  
clared a dividend of 40 per cent be-  
sides placing another \$1,000 in the  
surplus fund.

### LAND SALE AT PURCELL.

An Exceptionally Large Crowd Makes  
Purchases of Property.

Purcell, Ok., Jan. 9.—The sale at  
public auction of 55,000 acres of un-  
allotted Indian lands in McClain coun-  
ty began here this morning at 9  
o'clock at the county court house, un-  
der the personal supervision of In-  
dian Agent Kelsey.

Three hundred and twenty-eight  
tracts, varying in size from ten acres  
to 160 acres, were put up for sale.  
More than three-fourths of the total  
number were bought in by the ex-  
ceptionally large crowd who were  
in attendance. Tracts appraised as  
low as \$3.25 per acre brought as  
high as \$16.50 per acre. One tract of  
160 acres appraised at \$12.50 per acre  
was sold for \$39.50 per acre. The prin-  
cipal purchasers are farmers who  
are wanting homes.

The hotels and all boarding houses  
are full to overflowing and many vi-  
sitors are unable to find sleeping ac-  
commodations.

Ideal weather prevails. The sale  
will continue Tuesday and Wednes-  
day.

### The M. & P. State Bank.

The stockholders of the M. & P.  
bank held their annual meeting yester-  
day afternoon and elected the fol-  
lowing directors: M. Levin, J. W. Davis,  
M. B. Donaghey, Roy Donaghey,  
H. P. Reich, F. F. Brydia and C. H.  
Rives. The directors elected the fol-  
lowing officers: C. H. Rives, presi-  
dent; J. W. Davis and M. B. Donag-  
hey, vice presidents; H. P. Reich,  
cashier; Roy Donaghey, assistant  
cashier.

The officers and stockholders are  
in fine spirits as a result of the year's  
business. Its record of growing de-  
posits has been something to be proud  
of, the figures for January 1, 1910,  
standing at \$56,001.54 and for Jan. 7,  
1911, \$172,988.02. President Rives is  
also well pleased with the decision  
of the supreme court upholding the  
guaranty law.

## SYNOPSIS OF GOV. CRUCE'S FIRST MESSAGE

The first message of Gov. Cruce to  
the Oklahoma legislature, like his in-  
augural address is admirable and  
open to little criticism. While assur-  
ing the legislature that he will as-  
quicker as possible look into the  
needs of the various departments of  
the state government and make report  
of same, the governor directs the at-  
tention of the legislators to the fact  
that "the majority of you were elect-  
ed upon platforms embracing distinct  
promises to the people" and  
"these pledges should be faithfully  
redeemed. No man who is worthy to  
hold a seat in the legislature of Okla-  
homa will now undertake to ignore  
or vary the terms of the compact he  
made with the people prior to elec-  
tion."

Always interested in the cause of  
education, Governor Cruce devotes a  
considerable portion of his message  
to the schools and school affairs of  
the state, and he urges action look-  
ing to a more even distribution of  
the tax funds of the state that coun-  
ties lacking in educational facilities  
may be brought up to the common  
standard throughout the state as rap-  
idly as possible. He would have not  
less than five months of school in  
each district in the state. Calling at-  
tention to the constitutional provi-  
sion for supervision of instruction in  
the public schools to be vested in a  
board of education, he expresses the  
belief that, after the lapse of three  
years, it is high time that a regular  
body of this kind be instituted in  
order that Oklahoma may maintain a  
system of education suited to the  
needs of its people, and he recom-  
mends that proper laws be enacted  
to bring order out of the chaotic con-  
dition that now obtains in the edu-  
cational affairs of the state and creat-  
ing such educational board.

While admitting that no election  
law could be written that would es-  
cape criticism, the governor suggests  
that, in forming new election laws or  
amending the present election laws,  
they be simplified in form so that  
the masses may easily understand  
their provisions; that the law be framed  
in behalf of the welfare of the  
entire citizenship, and that penalties  
for violations of the law be sufficient-  
ly severe that adequate punishment  
may be meted out to the violators.

The message highly commends the  
state banking law and announces that  
no radical changes are needed or de-  
manded. Whatever reasonable criti-  
cisms are made, it says, are applicable  
principally to the administration of  
the law, which can not be properly  
administered by a banking board com-  
posed of ex-officio of state officials,  
as these have not the time at their  
disposal to give it the needed care  
and attention. The governor recom-  
mends a differently constituted board  
and doubtless means that its mem-  
bers should have more or less ex-  
perience in the banking business.  
This board, he suggests, should be  
non-partisan in character, and the  
recommendation is also made that  
the assessments made upon the banks  
for use of the guaranty fund be kept  
on deposit in the banks contributing  
same, under terms and conditions  
which will insure its payment on de-  
mand when needed.

Touching upon prohibition, the gov-  
ernor thinks it is no longer to be  
doubted that a majority of the citi-  
zenry of Oklahoma favor prohibition,  
and expresses the belief that as long  
as it is in the statute book the pro-  
hibition law should be rigidly enforced.  
He urges abolition of the dispen-  
sary law, believing that rights de-  
nied individuals should not be con-  
ferred upon groups, and urges that  
power be given some state official to  
remove any officer in the state, whose  
duty it is to enforce the law, who  
fails or refuses to enforce it.

The message urges a fair reap-  
portionment of congressional, legis-  
lative and judicial districts, justly  
condemns the bickerings which prac-  
tically nullified the work of the code  
commission and demands that an ac-  
ceptable code be at once arranged  
for and speedily delivered; recom-  
mends that means be speedily devised  
to relieve the congested condition  
that obtains in some of the courts  
of the state, and expresses the hope  
that there will be no serious attempt  
at wholesale changes of existing laws.

## MEETING AT ASBURY METHODIST CHURCH

Rev. Marshall Dupree, pastor of the  
Asbury Methodist church, informs us  
that the meeting being conducted by  
Rev. Mike Cassidy, is making good  
progress and that gratifying interest  
is being manifested. Three were re-  
claimed at the services last even-  
ing.

Rev. Dupree extends a pressing in-  
vitation to everybody to attend the  
services. Rev. Cassidy is a preach-  
er of power and his appeals to the  
errand are able and convincing.

Very naturally the News is deeply  
interested in the proposed new rail-  
road for Ada. With four roads we  
would be the undisputed metropolis  
of this section. The water supply will  
make Ada the objective point for  
many new enterprises, and with four  
railroads no other town in this part  
of the state could ever catch up with  
us. As we have said before the new  
line would cover a territory that is  
undeveloped and would pass through  
the best section of the state. Its  
very location is such that we be-  
lieve it can be successfully financed  
and put through without any delay.  
It is now up to us to do our part  
to make the enterprise a success.

## GOOD PRINTING

### Is a Persistent Influence Ex- erted In Your Behalf!

Every bit of printing that goes out to serve you  
makes some kind of an impression. Poor print-  
ing will leave a poor impression of its user as  
surely as would poor clothes, a poor store or  
shop or office. GOOD PRINTING will  
leave upon every mind an impression wholly  
favorable of its user.

Even if but one in a thousand of these "impres-  
sions" really tips the scales for business, for or-  
ders, for you—Good Printing will have thus  
paid for itself.

You can get it at this office—whether you want  
a little of it, or a great deal. Work Guaranteed.

"There ought to be some way to stamp out the infernal liars of the state," says the McAlester Capital-News. Very true. That problem is one that might interest some man with an inventive turn of mind. Perhaps Edison could be induced to go to work on a machine that will pick out the liars and stamp them into a jelly. Might start a subscription to a fund with which to pay the inventor of the stamping machine a good bonus in case he succeeds.

Give the Kidneys Help and Many A People Will Be Happier.

The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. O. P. Oldham, prop. of store, Coal-gate, Okla., says: "I began using Doan's Kidney Pills about six

months ago when I was feeling out of sorts, as the result of disordered kidneys. I suffered from dull pains through my back and loins and other pronounced symptoms of kidney disease. Being advised to try Doan's Kidney Pills, I procured a box and they proved to be just what I needed. Soon after I began using Doan's Kidney Pills the backache disappeared and my kidneys were restored to a normal condition."

## THE RETAILER'S LIMITED POSSIBILITIES.

BY GEORGE S. BANTA, B. A.  
Many a retail business today is merely keeping the proprietor out of the poor house. He turns his stock of dry goods, or his groceries, or his hardware, once or twice in the course of the year. He pays for his goods after his customers have paid him for them. While he bought at a high price he sells at a very narrow margin of profit and as the years go by he finds that he is working himself out and gradually is getting together enough so that he may be able to live a few years, of his old age, without work—on what he has "laid up."

The whole difficulty with the modern retail business is in the small profits made. This must always be so because retailing is primarily a competitive business. No man can have a "snap" in it because others are always ready to step in, and, if his margin of profit on any particular goods looks tempting, promptly sell more cheaply.

The only way to get rich (of course we are all above such a base ambition) in the retail business today is to multiply sales. The profits, as pointed out, can never be great on individual sales and the whole secret of success must lie in buying at rock bottom prices and then making numerous sales so that in the aggregate the day's business will show something worth while. And this is the point where advertising comes in. Your competitor cannot reach you advertising because that is a part of your business personality. He may sell the identical goods that you keep, yet advertising enables you to reach and make many customers, who, but for the force applied in this way would never buy the article you sell at all or else would buy it of some one else.

Look at the wonderful advertising done by modern department stores. What seems often like lavish waste is spent on advertising little notions and articles which have only a very small profit in them for the merchant. Yet the department store man is one of the few retailers who is really making money today and if you took his advertising away from him you would deprive him of his Midas touch.

## NEWSPAPER AS A SALESMAN

Modern Method of Shoppers is to Scrutinize Advertising Before Leaving Home.

The majority of retail store customers, before starting out on shopping forays, study the newspaper advertising. This habit is a great time-saver. The shopper escapes fruitless visits to many stores, and needless bothering of clerks, by learning in advance where she is likely to find what she wants. She gives very little attention to the places that fail to inform her as to their offerings. Many women, too, having become personally acquainted with the store people dislike to enter their places of business unless they feel fairly sure of buying. They avoid this embarrassment by learning in advance through the newspaper where they can probably supply their needs.

Thus it is that many sales are practically made before the buyer leaves her home. It has been proved over and over again, that the trade will pass stores with a main street location that fail to advertise, to hunt up poorly located shops on back streets that are well advertised. A merchant might as well close his shutters in business hours as to fail to meet his competitors in the field where they are doing the heart of their business—the newspaper advertisement.

The surest way to commit business suicide is to cut down expenses by cutting down your advertising.

## Newspaper Advertising Best.

The latest organization of business men to discover that the newspaper is the greatest of all advertising mediums is the Ohio Retail Shoe Dealers' association. A Springfield, Ohio, dispatch, giving an account of the recent meeting of this organization, says, among other things:

"Newspaper advertising was declared to be the best trade-bringing medium for the trade in a resolution adopted by the Ohio Retail Shoe Dealers' association, which closed its annual convention here today. 'Many of the members stated that they had tried other forms of advertising, but that the results from newspapers overshadowed all other kinds.'—Birmingham News.

## Truth in Verse.

"Just a card" is all you care for—Hidden, lonesome, and unread, Like the sign upon a tombstone Telling folks that you are dead. Wake up, man, and take a tonic, Bunch your hits and make a drive. Run a page, and change your copy. Advertise and keep alive!

## MARRIAGE OF HON.

### C. D. CARTER AT ARDMORE

On yesterday at high noon, at the residence of Mr. and Mrs. George H. Webb, Congressman Charles D. Carter was married to Mrs. Cecil Jones in the presence of a large number of friends and relatives.

The hospitable Webb home, very comfortably accommodated the guests who filled the moments preceding the wedding in admiring the handsome gifts which were sent as a token of good will and affection on the part of a large number of friends.

Many handsome presents were displayed, attesting the general popularity of both the bride and groom. The wedding ceremony was a very

short and impressive one spoken by Dr. J. M. Cross, president of Har-grove college.

## WORTH WEIGHT IN GOLD

Lady Learned About Cardui, The Woman's Tonic and is Now Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all you claim for it, and more," writes Mrs. M. E. Rail, of this place.

"I was a great sufferer for 2 years and was very weak, but I learned about Cardui, and decided to try it. Now I am in perfect health.

"My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she enjoys good health.

"Cardui is worth its weight in gold. I recommend it for young and old."

"Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action, Cardui is the best medicine for weak, sick girls and women."

It has no harsh, powerful, near-poisonous action, like some of the strong minerals and drugs, but helps nature to perform a cure in a natural easy way. Try Cardui.

gown and a large black picture hat. She carried a bouquet of white carnations.

Congressman Carter is one of the most popular men in the entire state as was attested at the last election, and in his home town. He is most warmly beloved by all who know him personally.

His success in political affairs and his prominence in Washington has been most grateful news to his fellow townsmen who wish him continued laurels.

Mrs. Jones, too, has a very wide circle of friends and acquaintances who feel that she is particularly adapted for the diplomatic circle in which she will move in Washington, where the sparkle of her wit and her infectious good humor will win her many friends.

After the guests had departed Mr. and Mrs. George H. Webb entertained the relatives of the bride and groom with one of those delicious dinners for which the Webb hospitality is notable.

Congressman and Mrs. Carter left on the afternoon train for Oklahoma City where they will remain until after the inauguration when they will leave for Washington.

They will make their home in Ardmore on their return.—Ardmoreite.

## Duncan Ready for New Road.

Duncan, Okla., Jan. 9.—A letter was received in Duncan today from parties at Lawton who are interested in building the proposed line of railroad from Lawton to Ardmore via Duncan. The letter states that all financial arrangements had been made and all that was now necessary for the fulfillment of the project was getting the people of the places together and discuss the bonuses asked by the promoters. Some years ago Duncan, by subscription, raised a bonus of many thousand dollars for this road, and stands ready today to do its part.
